# TESTIMONIALS

## OF OUR EX - STUDENTS

### Ji Yeon Lee (South Korea)

"The best thing in Vision Learning Centre is great teachers and friendly environment. As a student, it's not possible for us to always focus on our studies. The way we concentrate on studies changes according to the conditions and environment that surround us. Vision Learning Centre provided a positive environment and energy to boost academic grades. I saw my grades going up and graduated with really satisfying grade. I am pretty sure that whatever I learnt here will last for my college life."

### Elman Muhammin (Bangladesh)

"I have had an amazing experience with the Vision Learning Centre. Abhishek sir and Steffi ma'am are, hands down, one of the best teachers that I have studied under. Both are highly qualified, and their teaching methods are very impressive. Unlike conventional teachers, they just don't go through line by line as if they were audio, but instead, they incorporate their lessons with real-life examples making the topic much more engaging and relatable."

### Ritvik Waghmare (India)

#### Story of Transformation

"Learning with Vision Learning Centre was a great experience! Before joining English was very difficult for me but since then my vocabulary has improved significantly with my teacher building all the confidence in me."
